

Visioning Sessions

Did you hear???? We held some Visioning Sessions.

Why did we do that??? We are trying to create a Vision that defines who we are as a church and what we are about. Our Vision will guide us in our actions and projects as we grow as individuals and a church. As we think about our ministries, we will be able to ask....Does this help us accomplish our Vision? And this will help make sure we are all on the same path.

We held 3 Visioning Sessions and had about 60 in attendance. A huge THANK YOU goes out to all who attended and gave their time. In these sessions, we shared the feedback we had received back in 4 key areas, where we had asked for input. We also used small group "Brainstorming" to get ideas from some specific questions. The creativity and ideas we were hearing were great and will help us as we start the next steps in the Visioning process.

If you were unable to participate in one of our sessions, but would still like to help out, please contact Kay at the church office and we will find the best way to get you the information. We can either mail out a packet with everything in it or email all the documents out to you. The more people we hear from, the better.

Thanks Again, Dave Stangohr
